SOCIAL AND HEALTHY VISION FOR ALL

Children's playgrounds are places where children foster their relationships and develop playfully, pedagogically and socially. They develop their imagination, take on new challenges and develop their skills.

SAFETY, COMFORT AND CUSTOMIZATION FOR EACH PROJECT

The most important thing for us is the children. Our play areas are designed to play, enjoy and share with everyone. We develop playgrounds that are safe, comfortable, innovative and with a variety of activities. We provide the adaptation of each project to the quality and manufacturing requirements of our customers..

MORE THAN 20 YEARS OF EXPERIENCE in the sector. QUALITY AND WARRANTY

We provide our customers that all our projects meet their most demanding requirements.

Continuous improvement and innovation are key elements for the development of our products, services and their execution, with the highest quality and manufacturing standards from our I+D department.

Honesty, Respect and Transparency

*These are the ethical values of our company.
We have more than 18 years of dynamic and creative
experience in the sector with clear objectives:*

*Listen to the needs of our customers, adapt to them, advise
them professionally and offer them an excellent product
quality at a very competitive price.*

CUSTOMISED PARKS FOR EVERYONE

Inclusive fun without exception

We design and manufacture parks for everyone, where boys and girls can equally enjoy letting their imagination run free.

Difficulties shouldn't be an obstacle to interact with friends, live experiences, enjoy play and fun in coexistence and full social integration.

The "PLAY FOR ALL" designs included in our playgrounds in our equipment have a specific regulation for the access and spaces of each area. We adapt each design to the particular conditions of reduced mobility and add stimuli that awaken the imagination, with sound games, Braille, puzzles or ramps adapted to different abilities, heights and circumstances.

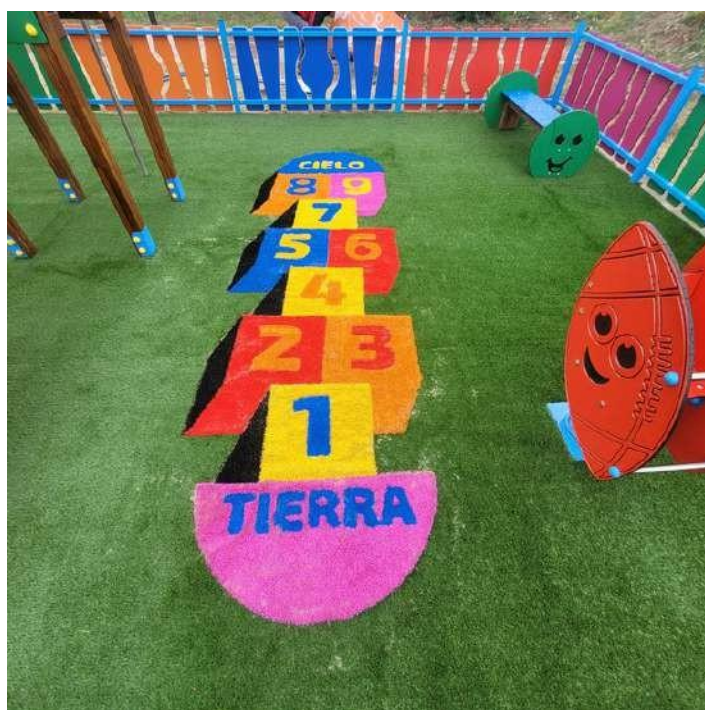

At BELKIDSPAYs, fun is for

EVERYONE!

Customised projects

Absorbent Surfaces

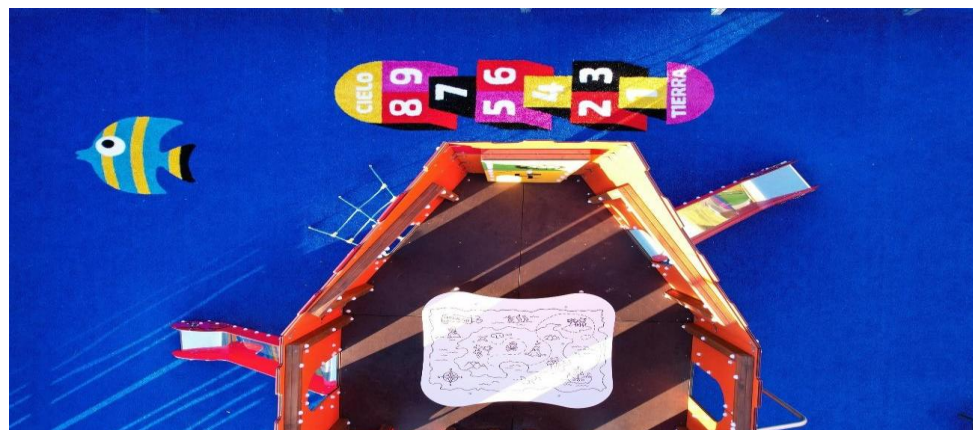

In BELKIDSPLAY we manufacture all the customised material you need for your project. From playground equipment, fence enclosures, absorbent surfaces, agility spaces, sail awnings to street furniture with the maximum guarantee and quality.

SPECIAL PROJECTS

SPECIAL PROJECTS

SERVICES

PERSONALIZED CONSULTING

We carry out a preliminary study of your project and develop the best solutions for each play area, set or furniture. We detail all the information about safety areas, standards, measures, materials, location and the whole process; phases, delivery and start-up deadlines. Everything adapted 100% to your needs.

MAINTENANCE

Our maintenance service covers all the needs arising from the use, breakage or replacement of the facilities of playgrounds and urban parks.

All our facilities will always be in an impeccable state for all users of direct or indirect maintenance, by the hand of the best professionals in each area.

AFTER-SALES SERVICE AND CUSTOMER SERVICE

Thanks to our specialized team we take care of the management of all aspects and incidents that may arise, offering our customers a complete coverage in all aspects. From the replacement of parts to the control of the security status of each park or installation, we ensure that they are always accessible to all users.
